DIGITIZATION

Since 1992 for the production of video services in the field of motorsport, the Italian Superturismo championship, Formula 3 and the Italian Hill Climb Championship.

From the early 2000s the business became more operational by expanding abroad as part of the World Touring Car Championship and starting the collaboration with FIAT Group Automobiles both as regards motorsport, rally and track, and for the support to the communication of the car product. .

The services in the industrial sector are also expanded by making productions for companies and for the production of documentaries broadcast by RAI Geo.

In 2005 the collaboration with the Domus Publishing Group began and in particular for the Quattroruote magazine it produced services from the major car exhibition halls, Bologna-Geneva-Detroit-Paris, and the collaboration also continues for DueRuote.

Since 2009, the relationship with Eurosport has been strengthened, in the Intercontinental Rally Challenge, in the FIA European Rally Championship and in the FIM Endurance World Championship.

Collaborations with SKY Sport, and first with Tele +, with Mediaset and RAI Sport.

Support to video communication with the realization of the filming of eleven concerts of the “Sistema Orchestre e Cori Giovanili e Infantili” of the Lombardy Region in the context of Expo 2015.

In 2017, the creation of live streams for Eurosport Events began, now Discovery Sport Events as part of the ERC with live special stages also from the helicopter. Implementation of services and programs for the Inside the world of TCR.

In 2020 and 2021, during the period of the pandemic, with suspended sporting events, direct in-depth streaming with interviews with the protagonists are made awaiting the resumption of activity within the ERC-EWC-WTCR and in professional cycling.
